PRESIDENT'S MESSAGE:

All,

I look forward to hosting the membership at the Galveston District Headquarters for the November monthly meeting. COL Richard Muraski from the Fort Worth District and I will each provide presentations on our current programs and what we expect to see in the future. The US Army Corps of Engineers executed a historic program last year and we are excited about sharing our story.

Our annual Kenneth J. Haveman Scholarship Golf Tournament scheduled for 6 December 2010 at the Longwood Golf Club in Cypress, Texas is rapidly approaching and we need your support. This event is the capstone event that provides the majority of the revenue for our scholarship fund. If you are interested in putting a foursome together, sponsoring a hole, or donating prizes please contact Tom Martens. We need your support to keep our scholarship fund robust and viable.

The holiday season is rapidly approaching and I wanted to remind everyone about Safety. Please take the time to talk with your employees and your family about all the holiday hazards. In particular, please highlight falls associated with hanging holiday lighting and driver safety associated with long drives and holiday shopping. They may seem like small issues but it is the little things that mitigate risk.

MEMBERSHIP COMMITTEE

Chair: GREG WINE - Phone: 281-496-0066 - E-mail: gwine@huitt-zollars.com

ARE YOU GETTING THE FULL VALUE OUT OF YOUR SAME MEMBERSHIP?

Each Sustaining Member Firm's membership includes five (5) representatives. One (1) individual is identified as the Firm's POC (Point of Contact). There are three (3) representative positions and one (1) young member (under the age of 35) position. If the Firm does not have a young member, then the young member position can be filled by a non-young member.

Review of the Post's membership roles shows that numerous Firms do not have all five (5) positions filled and consequently, are not receiving the full value of their membership

To add or replace a new representative to your Sustaining Firm's membership, the POC can follow the following instructions and do the changes online or contact Greg Wine at gwine@huitt-zollars.com. Send Greg the name of the representative, their email, mailing address and phone number. Include the date of birth for all young members.

Login here: https://membership.same.org/cvweb_samesm/MainLogin.shtml

ONLY THE POC CAN ADD/DELETE/REPLACE REPRESENTATIVES ON LINE.

All other can change only their personal information.

You will need your email address and your SAME member number. This number is on the SAME magazine that you receive. If you do not have it, contact Greg Wine at gwine@huitt-zollars.com.

Follow the Sustaining Member Home link. Here you will find a list of your employees that are members of SAME.

If the person is not already a member of SAME and within your company's SAME members, You will need to "Follow the View/Edit Organizational Contacts link" to add them. At the top left click Add Contact. There is a lot of data you are asked to fill in. See below. Add the information and click Save Contact and return to SM Home Page

Follow the link for the Post where you to add or replace a person.

The joint committee meeting of Public Agencies and Infrastructure was held on October 27, 2010 at HESS. We had a large turnout to hear Mr. Daniel Menendez, PE , Deputy Director of the City of Houston's Public Works and Engineering Department.

Approximately 50 members and guest listened as Mr. Menendez discussed the procurement process the City uses to select engineers for Capital improvement projects.

Although most present were familiar with the process, I think everyone gained some new insight into all that goes into the annual selections. For

example,

- Each year PWE evaluates the process and looks for ways to improve it next year.
- The date that the RFQ is advertised is tied to when council approves the Capital Improvement plan (CIP). They typically consider it between March and June each year. The earlier the CIP is approved, the earlier PWE can begin their procurement process. **The timeline from the date the RFQ is advertised to when the NTP is issued is usually about 8-9 months.**
- They require a PWE 100 to be included even though it is on line because it is easier for their reviewers to have everything together in the review package.
- They require a hard copy of the submittal even though a DVD is required as a Fail-Safe. There are always some DVDs that are corrupted or were not properly copied. This way, they have a hard copy they can make a PDF out of.
- Most evaluators are now reviewing the submittals on their computers.
- They changed the page layout from portrait to landscape to make it easier to review on a PC.
- **They added a "Specific Capabilities of Houston Office" section this year.**
- The Conflict of Interest form is required, but confusing for everyone. They are looking at how to make the instructions clearer for this form. In the past if you do not have any conflicts, they have been very open in what they accept.
- They are looking at their evaluation forms to make sure what they are tracking is what is most important.

Some facts about this years round of submittals:

- 37 RFQs (some with multiple awards)
- 788 SOQ were submitted
- 67 jobs were awarded.
- **267 firms submitted as either a Prime or Sub.**
- 121 firms won as a Prime, Sub and/or both.

The Committees will not have a November or December meeting due to the holidays. So see you next year.

SMALL BUSINESS COMMITTEE

Chair: RAMON HERRERA - Phone: 713-862-8848 - E-mail: rherrera@midtownengineers.com

The SAME Small Business Committee will be hosting the December General Membership Meeting on **Wednesday December 15 at the HESS Club**. The format will be a Small Business speaker panel from various public agencies in the region including:

METRO

Kathy Hudson
Director of Small Business Compliance

City of Houston

Velma Laws
Director – Affirmative Action and Contract Compliance

Port of Houston

Pedro Garcia
Outreach Program Manager

US Army Corps of Engineers – Galveston District

Ken Adams
Deputy for Small Business Programs

Everyone is more than welcome to attend (not just small businesses)! The Small Business speaker panel will provide a great opportunity for these public agencies to update our members on recent changes in their rules and procedures. In addition, we will have a Question & Answer session towards the end of the program. You can RSVP for the meeting on the website at www.houstonsame.org If you have any questions, please contact Ramon Herrera at (713) 862-8848 or e-mail rherrera@midtownengineers.com

FAST START PLAN:

We will continue to educate sustaining members on the importance of their capabilities and that they can be utilized during disaster recovery efforts. See below to find out how you can update your firm's information

SOCIETY OF AMERICAN MILITARY ENGINEERS

Formed "in the interest of National Defense... bringing together all phases of U.S. engineering, [in both the] civil sector and military, for the advancement of knowledge...and the rapid mobilization of engineering capabilities." - The Charter of the Society of American Military Engineers, founded in 1920.

RESPONSE RESOURCES

through the

TEXAS REGIONAL RESPONSE NETWORK (TRRN)

SAME is the premier professional engineering association in the United States for connecting architects, engineers and builders in the public sector and private industry, uniting them to improve individual and collective capabilities for national security. Our goal is to unite A/E/C entities and individuals in the public and private sector so that we can prepare for – and overcome – natural and manmade disasters, acts of terrorism and improve security at home and abroad. (<http://www.same.org>)

Sustaining member firms from SAME's **Houston, Fort Worth, and San Antonio** Posts have all entered their capabilities into the TRRN database. These resources range from engineering services in support of Public Works requirements to equipment and other resources.

TEXAS REGIONAL RESPONSE NETWORK (TRRN)

TRRN is a web-based application developed by the Texas Forest Service for the Governor's Division of Emergency Management. The purpose of TRRN is to aid in response and planning efforts by allowing system users to access resource information. Basically, it is an electronic inventory system for available resources and equipment for use by emergency management organizations throughout Texas.

Our Mentor and Education activities have us supporting the SAME Student Chapter at Texas A&M University, SAME Engineering and Construction Camps, Science Fairs, Mathcounts, College Scholarships and K-12 activities; just to name a few.

We pay for almost \$16,000.00 thru our Mentor & Education Fund which receives funding from our Kenneth J. Haveman Golf Tournament. We desperately need more support for this golf event. We need Sponsors, if each Sustaining Member firm was a Hole Sponsor we could increase our annual budget to \$20,000.00 and provide better programs for the students.

Please support our Kenneth J. Haveman Golf Tournament, December 6, 2010 @ Longwood Golf Course.

The Houston/Galveston Post Education & Mentoring Fund Raffle, previously the Scholarship Raffle is still accepting items to raffle at our monthly meetings. Please contact our Post Secretary Doug Coenen or Post Assistant Secretary Jessica Lucas with your donations. Thus far our raffle items have been few and far between; please help us raise money for our students. Donations by Members and Sustaining Members are welcomed, desired and appreciated. This money helps subsidize the annual Post Scholarship awards to high school and college students, sending Texas A&M Chapter students to National and Regional meetings, sending future leaders to National leadership training events and sending students and mentors to SAME summer construction camps.

PLEASE SUPPORT OUR 2010 RAFFLES. Raffle prize donations are always appreciated. As a thank you for the donation, Sustaining Member firms will be offered time to give a brief, two minute speech about their firm before the drawing. Individual Members are welcome to donate prizes and will be recognized individually for their contribution.

TAMU CHAPTER

President: BRIAN ANDERSON - E-Mail: brian@brenhamtx.net

On October 18th the Texas A&M Student Chapter attended our first field trip of the 2010 year. We toured the ETED building for 2 hours with the assistant site manager of Vaughn Construction who is building the new facility. Several features of the building were discussed, including the LEED requirements for certification. Some of the features that stood out were the rainwater collection system which will be used to water the landscaping around the building and how over 90% of the building has

access to natural sunlight. Rooms thru out the building also have sensors to shut off lighting according to how much natural lighting is available and occupancy sensors monitoring usage. We had a small group of students, Professor Mathewson and Mr. Dornak from Terracon attending the tour. We are looking forward to our presentation by Colonel Kenneth Wisian, 147th Reconnaissance Wing Commander November 30, 2010. He will be discussing test-flying, R&D/DT&E and what engineers do for the Air Force. This will be our last meeting before Christmas and we will start up again in January with a tour of the Texas A&M "Disaster City" on campus.

If any Sustaining Members of the Houston/Galveston Post or our new co-sponsor the San Antonio Post have projects in College Station or Bryan and would like to take us on a tour we really would appreciate it. Please contact me or Buddy Barnes or Clayton Perry.

See you in the fall,

Brian
